Dominating the landscape for centuries, ancient cathedrals and abbeys reflect Britain's turbulent history through their architectural grandeur—stories of its kings and queens and the religious and social changes brought about by the English Reformation, as well as many other tales of intrigue, love, faith and conviction.

Secrets of Britain's Great Cathedrals explores 22 cathedrals and abbeys found throughout England and Wales, featuring interviews with historians and experts and breathtaking 4K footage captured by drones filming their legendary facades and soaring interior spaces.

Over a 1,500-mile journey, travel from Dunham Cathedral in the north, to Canterbury Cathedral in the south, and from the top to the bottom of Wales, visiting the most influential cathedrals, abbeys and bishops' palaces, gaining unprecedented access behind the walls of these spectacular buildings. The series also includes reflections from leading deans, bishops, historians, architects, stone masons, tour guides, music directors, choristers and other experts in the field who provide passionate insight into these celebrated guardians of time and history.

Never before has a television series brought together such a great number of ancient cathedrals and abbeys under one unified storyline.
