An intensely personal drama, the story of T.E. Lawrence is a story of courage and guilt, betrayal and triumph. The British Army Officer's role in the unification of the Arab tribes against the Turks during WWI endeared him to a generation of Bedouins, but it also set in motion a chain of events that Lawrence would be powerless to stop - events that would profoundly shape Arab-Western relations for generations to come. Filmed in England and throughout the Middle East, and including rare archival footage, **LAWRENCE OF ARABIA: THE BATTLE FOR THE ARAB WORLD** draws upon eyewitness accounts of Arabs, Westerners, and Lawrence himself to tell the poignant and dramatic tale of one of the 20th century's most influential yet enigmatic figures.
