*WordWorld* is home to the lovable, legible WordFriends—animals whose bodies are made up of the letters that spell the word they are. The WordFriends—Duck, Ant, Bear, Sheep, Frog, and Dog—go on comic adventures and face challenges that can only be resolved with the right word. That word is built letter by letter, sound by sound, reinforcing the pre-reading concept that letters and their sounds make words, and that words have real meaning and power. This Emmy® Award-winning series also introduces literacy concepts that preschoolers will encounter as they become readers, such as sounding out letters and rhyming.

The curriculum of *WordWorld* is designed to introduce, support, and foster literacy skills in children ages three to five. The curriculum draws from four skill sets critical for young children's emergent literacy: print awareness; phonological sensitivity and letter knowledge; comprehension (including vocabulary development); and socio-emotional skills.

Words come alive, words save the day, and words become a child's best friend in this 3D animated series. Learning to form words has never been this fun!
