For the *American Epic: The Sessions* the filmmakers have re-assembled the machine that allowed America to first hear itself. Jack White and T Bone Burnett produce an epic recording session using the only working 1920s recording device in existence in this tribute to the artists celebrated in the documentary. This is the first time that any performer has been able to use this machinery in over 80 years. Starring Alabama Shakes, The Americans, Ana Gabriel, Ashley Monroe, The Avett Brothers, Beck, Bettye Lavette, Bobby Ingano, Elton John, Frank Fairfield, Jerron Paxton, Los Lobos, Lost Bayou Ramblers, Nas, Pokey LaFarge, Raphael Saadiq, Rhiannon Giddens, Steve Martin & Edie Brickell, Taj Mahal, Jack White, Willie Nelson & Merle Haggard and many others.
