American Reckoning
An unsolved 1960s murder reveals an untold story of the civil rights movement and Black resistance. The film draws on rarely seen footage filmed more than 50 years ago in Natchez, Mississippi, and follows one family’s search for justice. 1x84 HD

AMISTAD RESEARCH CENTER, WILLIAM E. STEWART COLLECTION HISTORIC NATCHEZ FOUNDATION

Boeing’s Fatal Flaw
FRONTLINE and The New York Times investigate Boeing’s flawed 737 Max jet and the crashes that killed 346 people. This film reveals the commercial pressures, flawed design and failed oversight behind the creation of Boeing’s fastest-selling plane. 1x54 HD

AAPSKY/SHUTTERSTOCK
American Insurrection
With ProPublica, FRONTLINE exposes the individuals and ideologies behind the rising threat of far-right violence in America, culminating in the attack on the Capitol. A stunning and urgent report, American Insurrection investigates the threat posed by violent, far-right groups that see themselves as defending the U.S. constitution but are tied to anti-government, white supremacist ideologies and criminality. 1x52, 1x84 HD

Michael Flynn’s Holy War
Lt. General Michael Flynn: from elite soldier overseas to waging “spiritual war” in America. With the Associated Press, examine how Flynn emerged as a leading conspiracy theorist, from QAnon to “Stop the Steal” and his ties to Christian nationalism. 1x60 HD

Power of the Fed
When COVID struck, the U.S. Federal Reserve stepped in to try to avert an economic crisis. As the country’s central bank continues to pump billions of dollars into the financial system daily, who is benefitting and at what cost? 1x54 HD

Afghanistan: Life and Death Under the Taliban
The Taliban take over Afghanistan, and the threat of ISIS and al Qaeda intensifies. On the ground, Najibullah Quraishi investigates uncertainty and fear among the Afghan people and revisits the lead-up to the U.S. defeat and Taliban’s return. 1x50 HD

LIES, POLITICS AND DEMOCRACY
FRONTLINE investigates the political leaders and choices they made that have undermined and threatened democracy in the U.S. How officials fed lies about the 2020 election and embraced rhetoric that led to political violence. 1x120 HD
CURRENT AFFAIRS

FACING SUICIDE

Facing Suicide combines the poignant personal stories of people impacted by suicide with profiles of scientists at the forefront of research to reveal new insights into one of the world’s most pressing mental health crises. Shining a light on this difficult topic can destigmatize suicide while revealing that there is help as well as hope for those at risk and their loved ones. 1x60, 1x90 HD

Germany’s Neo-Nazis and the Far Right
FRONTLINE investigates the rise of far-right extremism and violence in Germany. Learn how extremists have carried out terror plots and attacks on Jews and migrants, infiltrated the security services and what authorities are doing to confront the growing problem. 1x54 HD

Plot to Overturn the Election
FRONTLINE and ProPublica trace the hidden origins of disinformation about the 2020 election and demonstrate how a handful of people have had an outsized impact on the current crisis of democratic legitimacy in the United States. 1x54 HD

Shots Fired
Amid record police shootings in Utah, this investigation looks into the use of deadly force in the state. FRONTLINE and The Salt Lake Tribune examine police training, tactics and accountability; and racial disparities in the way force is used. 1x54 HD

Future of Work
This three-part series explores monumental changes in the workplace and the long-term impact on workers, employers, educators and communities. Employment is part of the American Dream. Will the future provide opportunities for jobs that sustain families and the nation? 3x55 HD
Pelosi’s Power
Powerful and polarizing, explore House Speaker Nancy Pelosi’s life and legacy. Across three decades, examine how Pelosi has gained and wielded power and faced grave challenges to her leadership and to American democracy from Trump and his allies. 1x84 HD

The Street Project
Worldwide, more than a million people die in traffic-related crashes each year. Half of those deaths are pedestrians and cyclists. The Street Project is an inspiring story about a movement to reclaim our largest public spaces: our streets. 1x52 HD

American Veteran
American Veteran highlights the experience of military veterans with a moving range of voices from today and across American history. Narrated by veterans Drew Carey, Senator Tammy Duckworth, Wes Studi and J.R. Martinez. 4x55 HD

The Healthcare Divide
FRONTLINE and NPR investigate the growing inequities in American healthcare exposed by COVID-19. The film shows how pressure for profit and uneven government support is widening the divide between rich and poor hospitals and endangering care for the most vulnerable. 1x54 HD

Whose Vote Counts
FRONTLINE investigates allegations of voter fraud and disenfranchisement in the lead-up to the 2020 election. With Columbia Graduate School of Journalism, New Yorker writer Jelani Cobb investigates how the pandemic was being used to sway turnout. 1x54 HD
Unfolding like a political thriller, *Taken Hostage* revisits the 1979 Iran hostage crisis, when 52 Americans were held hostage in Tehran. For the next 444 days, the world watched as the U.S. endured humiliation, vitriol and hatred from a country that had long been a close ally. The crisis would transform both the U.S. and Iran and forever upend the focus and direction of American foreign policy. 4x60, 2x120 HD

Discover the fascinating story of this iconic garment. From their roots in slavery to the Wild West, hippies, high fashion and hip-hop, jeans are the fabric on which the history of American ideology and politics are writ large. **1x53 HD**

**BECOMING FREDERICK DOUGLASS**
Discover how a man born into slavery became one of the most influential voices for democracy in U.S. history. Oscar-nominated filmmaker Stanley Nelson explores the role Douglass played in securing the right to freedom for African Americans. **1x60 HD**
**The King Who Fooled Hitler**
This landmark film breaks a global story of the deception that fooled Hitler about the Normandy landings of 1944. In a tale of double agents and decoys, the investigation reveals for the first time the identity of the most secret of them all: George VI. It also uncovers how the Queen and future Queen Elizabeth II were enlisted in the ruse, and how the royal household managed to lose one of Britain’s greatest secrets of WWII. 1x47 HD

**The Queen and the Coup**
On the first anniversary of Queen Elizabeth II’s reign, she had no idea she was about to be deployed in a secret plot to topple Iran’s democratic leader in favor of an all-powerful Shah. Planned by MI6 and executed by the CIA, the coup would destroy relations between Iran and the West to this very day. The truth was hidden even from the Queen herself. Using newly declassified secret documents, *The Queen and the Coup* unravels this incredible story for the first time. 1x47 HD

**Spying on the Royals**
Declassified documents bring to light this secret story of 1936, detailing the most controversial espionage operation in British history: targeting King Edward VIII and his American lover Wallis Simpson, both considered major security threats. Edward and Wallis were bugged, wire-tapped and followed—on the orders of the British prime minister and the American president. 2x47 HD

**HOSTED BY HENRY LOUIS GATES, JR.**
This four-part series hosted by Henry Louis Gates, Jr., chronicles the vast social networks and organizations created by and for Black people—beyond the reach of the “White gaze.” *Making Black America* takes viewers into an extraordinary world that showcased Black people’s ability to collectively prosper, defy white supremacy and define Blackness in ways that transformed America itself. 4x54 HD
Citizen Hearst
Explore the life of William Randolph Hearst, the pioneering media mogul and inspiration for Orson Welles’ Citizen Kane. Hearst died in 1951 at the age of 88, having transformed the media’s role in American life and politics. The two-part, four-hour film is based on historian David Nasaw’s critically acclaimed biography, The Chief. 4x60, 2x120 HD

HARRIET TUBMAN
VISIONS OF FREEDOM
Go beyond the legend and meet the woman who risked her life and freedom to liberate others from slavery. One of the greatest freedom fighters in U.S. history, Harriet Tubman was an Underground Railroad conductor, a Civil War scout, nurse and spy. 1x60 HD

Sandwich Day O’Connor: The First
For 191 years the U.S. Supreme Court was populated only by men. When Ronald Reagan nominated Sandra Day O’Connor as the first female justice in 1981, the announcement dominated the news. A pioneer who both reflected and shaped an era, in her 25 years as justice she was the swing vote in cases about some of the 20th century’s most controversial issues—including race, gender and reproductive rights. 1x112, 2x54 HD

Fannie Lou Hamer’s America
Fannie Lou Hamer’s America is a portrait of civil rights activist Fannie Lou Hamer. Through evocative speech and soulful song, Hamer made it her life’s work to enfranchise and increase Black political representation. 1x59 HD

The American Diplomat
Explore the lives and legacies of three African-American ambassadors—Edward R. Dudley, Terence Todman and Carl Rowan—who pushed past racial barriers to reach high-ranking appointments in the Truman, Eisenhower and Kennedy administrations. Asked to represent the best of American ideals abroad while facing discrimination at home, they left a lasting impact on the Foreign Service. 1x53 HD
SCIENCE

Ultimate Space Telescope
Follow the dramatic story of NASA’s James Webb Space Telescope—the most complex machine ever launched into space—in hopes of peering deeper back in time than ever before and answering some of astronomy’s biggest questions. 1x54 HD

Mysteries of Mental Illness
Explore the evolution in understanding surrounding mental illness that people have grappled with throughout history, and the dramatic attempts across generations to unravel the difficult questions: What causes it? And how is it best treated? 4x55 HD

EPISODE 1: Evil or Illness? Examine ancient conceptions of mental illness and the establishment of psychiatry and hear contemporary stories of people living with mental illness.

EPISODE 2: Who’s Normal? Trace efforts to develop guidelines for diagnosing mental illness rooted in empirical science rather than dogma.

EPISODE 3: The Rise and Fall of the Asylum Follow the origin and fall of mental asylums. Glimpse inside Cook County prison, the nation’s largest unintended mental health facility.

EPISODE 4: The New Frontiers Explore today’s most cutting-edge treatments, based on the latest understanding.

COMING FALL 2022

Computers v. Crime
In police departments and courts, artificial intelligence is being used to help decide who is policed, who gets bail, how offenders should be sentenced, and who gets parole. But is it actually making law enforcement and court systems fairer and more just? This timely investigation digs into the hidden biases, privacy risks, and design flaws of this controversial technology. 1x60 HD
Hallucinogenic drugs—popularly called psychedelics—have been used by human societies for thousands of years. Today, scientists are taking a second look at many of these mind-altering substances—both natural and synthetic—and discovering that they can have profoundly positive clinical impacts, helping patients struggling with a range of afflictions from addiction to depression and PTSD.

The Cannabis Question
As state-legalized cannabis spreads, NOVA investigates the latest scientific evidence for its potential benefits and risks, and how criminalization has disproportionately harmed communities of color. **1x53** HD

Bat Superpowers
Bats have been implicated in deadly epidemics such as COVID-19 and Ebola, yet scientists are discovering evidence that they may hold a key to a longer and healthier life. From caves in Thailand and Texas to labs around the globe, NOVA meets the scientists who are decoding the superpowers of the bat. **1x53** HD

Chef Secrets: The Science of Cooking
The best chefs know that there’s a hidden ingredient in any tasty dish: science! Featuring a diverse cast of culinary experts, this appetizing film goes deep inside the kitchen to reveal the delicious chemistry, physics and microbiology of cooking. **1x52** HD & UHD
Who created the Nazca lines, one of archaeology’s greatest enigmas, and why? Recent finds of long-hidden lines and figures etched into the Peruvian desert offer new clues to the origins and purpose behind these giant desert symbols. 

World’s Greatest Engineering Icons
From the Great Pyramid of Giza and Stonehenge to Buckingham Palace and the White House, the world is full of extraordinary buildings that have become cornerstones of our heritage and culture. World’s Greatest Engineering Icons explores the artistry, ingenuity and technology behind humanity’s greatest architectural accomplishments; the structures that define who we are and all we aspire to achieve. 6x52 HD

Does Sex Really Matter?
All over the world, a strange trend in healthcare is emerging—diseases such as cancer, tuberculosis and diabetes are killing far more men than women. Why are so many men dying of these diseases? Are men the weaker sex? Go on a gripping journey of discovery to solve the mystery of why women are so much more robust than men. 1x49 HD
Ice Age Footprints
Thousands of footprints stretch for miles across New Mexico’s White Sands National Park, capturing moments when Ice Age humans encountered now-extinct beasts, including enormous ground sloths and mammoths. What can these footprints reveal about the peopling of the Americas and what life was like at the end of the last Ice Age? 1x53 HD

Death Is But A Dream
Hospice doctor Dr. Christopher Kerr conducts intimate interviews with the dying through which viewers can experience the immense power of end-of-life dreams and visions firsthand. The film paints a compelling and deeply moving portrait of the profoundly healing nature of the dying process and shows the great comfort these experiences can provide to the families left behind. 1x60, 1x82 HD

The concepts of zero and infinity didn’t always exist. They’ve been invented and re-invented by different cultures over thousands of years. Discover the surprising story of these key concepts that revolutionized mathematics. 1x60 HD
Impossible Builds
Learn about the creation of some of the world’s most ambitious and technologically advanced buildings. From subaquatic homes to futuristic towers, see how these previously impossible structures are taking shape. 5x60 HD

Particles Unknown
Outnumbering atoms a billion to one, neutrinos are the universe’s most common yet most elusive and baffling particle. NOVA joins a global team of neutrino hunters whose discoveries may change our understanding of how the universe works. 1x54 HD

Fighting for Fertility
In the United States, some 10% of people who wish to have children struggle with infertility. NOVA explores barriers to fertility, from the social to the biological, and the state of assisted reproductive technologies. Follow the journeys of people navigating challenges from structural inequalities and racism to falling sperm counts, egg freezing and IVF. 1x54 HD

Secrets in Our DNA
Millions of people have sent their DNA to be analyzed by private companies, which are revealing customers’ ancestry and family connections, and reporting health risks. But what are the pitfalls and unintended consequences of sharing genetic data? 1x54 HD

**When Disaster Strikes**

Natural disasters are happening with increased frequency and ferocity as the planet warms, unleashing extreme weather. This three-part series reveals the mechanics of disaster relief and follows the local governments and people responding on the ground. Everyone must learn on their feet as they try to bring order to chaos, hope from despair. 3x55 HD
Nature’s Fear Factor
A bold experiment to bring rare and fierce African wild dogs back to Gorongosa National Park in Mozambique reveals how predators—and the fear they trigger—play a surprising and crucial role in keeping wild ecosystems healthy. 1x52 HD & UHD

Nature’s Big Year
What happens when the world hits pause? Nature reboots! From the Canadian wilderness to urban America and the backyards of Britain, scientists reveal unexpected and astounding discoveries from the year of the pandemic. This ambitious and provocative film explores the lockdown's silver lining—many species benefit immediately when humanity slows down. 1x44 HD & UHD

The Serengeti Rules
Exploring some of the most remote and spectacular places on Earth, The Serengeti Rules follows scientists as they make surprising discoveries that flip our understanding of nature on its head and offer new hope for restoring our world. 1x51, 1x84 HD
Golden Coast
California’s western edge teems with life above its shores and beneath the waves. Bus-sized humpback whales pause their migration north to snack on anchovy swarms. Elephant seals duel for control of the beach—and the mating rights that follow. Meanwhile, tidal kingdoms emerge with the routine retreat of the sea and otters play among the tidal marshes. Explore the wild Golden Coast—from its tallest hills to its deep, underwater canyons. 1x48 HD

Cat Tales
They may have stolen many hearts—and the internet—but cats can be perplexing pets. As cuddly and playful as they are aloof and uncaring, they’ve often raised the question: Did humans ever really domesticate felines? And what more can science tell us about a relationship that predates history? 1x54 HD

Dog Tales
Dogs have been our companions for thousands of years. But why? Do they really love us, or are they just in it for the food? Scientists test wolf intelligence, decode canine DNA, and peer into dogs’ brains to find out what domestication really means. 1x54 HD

Gatorlands
The unforgiving Gatorlands on the Gulf of Mexico are home to many wild creatures. Lurking in its waters are American alligators, searching for their next meal. But in this swamp, you don’t need to be big to get a meal—just ask the Leafcutter ant who can wipe out all the leaves from a tree in a single night. Living in a swamp means being ready for anything. 1x48 HD

Bat-nado
As the sun sets, head inside this Bat-nado to uncover an underworld bursting with life. Bracken Cave in San Antonio is more than just a tourist site. It’s the home for a Mexican Free-Tailed bat maternity colony, currently forty million strong. Despite so much life, death looms on the cave edges. 1x48 HD

WORLD’S GREATEST NATURAL ICONS
From the top of Mount Everest to a fiery Russian volcano, from a sand blasted Middle Eastern desert to the Norway’s Fjordlands, the planet consists of extraordinary natural wonders—each hosting unique ecology and culture. World’s Greatest Natural Icons reveals how the forces of earth, fire, ice, water and wind birthed these iconic formations and how those icons influence life and humanity. 6x52 HD

Finding Your Roots: Season 8
Renowned scholar Dr. Henry Louis Gates, Jr. returns for a new season of Finding Your Roots. Using genealogical detective work and cutting-edge DNA analysis, Gates guides twenty-one influential guests deep into the branches of their family trees, revealing surprising stories of love, hardship and triumph that transcend borders and merge to form an American root system fortified by its diversity.

Marian Anderson
The Whole World in Her Hands
Explore the life, career, art and legacy of the African American contralto and civil rights pioneer Marian Anderson. Anchored by key performances in her career, Marian Anderson: The Whole World in Her Hands shows how her quiet genius and breathtaking voice set the stage for Black performers in classical music, and a louder voice for civil rights.

Betty White: First Lady of Television
Betty White’s 80+ years in television is officially the longest career in the history of TV. She was the first woman to produce a national TV show, the first woman to star in a sitcom and the first woman to receive an Emmy® Award nomination. Betty White: First Lady of Television is the definitive look at the life and career of the pop culture icon.

Mae West: Dirty Blonde
Mae West achieved great acclaim in every entertainment medium that existed during her lifetime, spanning eight decades of the 20th century. Mae West: Dirty Blonde is the first major documentary film to explore West’s life and career, as she “climbed the ladder of success wrong by wrong” to become a writer, performer and subversive agitator for social change.

Little Satchmo
Little Satchmo is an intimate exploration of the iconic Louis Armstrong’s life and legacy through his relationship with the daughter that the public never knew existed. Based on a revealing memoir written by Armstrong’s silent daughter, the film seeks to correct a historical narrative relying on caricature for too long.
